## 3 Easy Steps to get started

- 1 Go to [LegacyWise.org/start](https://LegacyWise.org/start)
- 2 Select your workshop date & location, then pre-register
- 3 Bring your laptop to the workshop (If you don't have one, we can help).

**Do I really need an estate plan?** Yes. Estate plans are about more than money! A well written estate plan guides:

- End of life care
- Protection during any disability
- Guardianship for minor children
- How a person will be remembered

### **What is the difference between LegacyWise and other systems?**

LegacyWise staff guide you through an in-person or online Workshop. They help you build plain language documents that you can understand. LegacyWise documents address your unique family and life circumstances.

### **How long does it take to get a LegacyWise estate plan?**

The Drafting Workshop lasts about 3 hours. All you have to do is register, attend a Workshop, and answer the guided questions. We will guide you through the workshop and set an appointment to notarize your documents.

### **Cost is no barrier!**

Typically, the registration fee is \$20 per person, but for this event the fee has been reduced to \$10 per person.

LegacyWise's suggested cost is less than 1/3 of traditional custom legal documents. The document fee is 1% of your annual income. If that is too high for you, just name your own price. Our goal is to serve you well regardless of your ability to pay.

**Plus, LegacyWise services come with a 100% one-year money back guarantee**
